Digital Media

KARADAH, SLAMAN FAIQ ST. BLD# 33 - 2ND FLOOR
- Apt. #3,

Digital media's staff is well diverse and has the ability operate under austere work environments. We also have the ability to acquire the industry leading talent to perform and complete contractual obligation.

About the Company

Digital Media Co. is an Iraqi technology and engineering company established in 2008 as part of the I-BIZ Projects, supported by USF-I, to provide commercial and technical services on U.S. Military Bases across Iraq.

The company was founded with a mission to support U.S. troops while contributing to the development of Iraq's local economy. Over the years, Digital Media Co. has operated IT supply stores, electronics service centers, and communication facilities at multiple bases including Victory Base Complex (VBC), Al-Asad Air Base, Balad Air Base, and FOB Union III.

Through professionalism, ethics, and commitment to quality, Digital Media Co. has become one of the most trusted Iraqi companies in the IT and communications sector, earning multiple contracts with the U.S. Government, major corporations, and local authorities.

Our staff includes experienced engineers and certified technicians specialized in:

Network infrastructure and security (Cisco, HPE, IBM, etc.)

Fiber optics and data center systems

CCTV and IPTV systems

Audio-visual and digital communication solutions

Fire Alarm and Life Safety Systems (NFPA-compliant design, installation, testing, and commissioning)

Internet and VoIP solutions

Smart building systems and automation
